

**NATIONAL SEMINAR ON
IMPORTANCE OF RESEARCH AND INNOVATION IN EDUCATION :
TOWARDS QUALITY EDUCATION (IRIETQE-2026)**

HYBRID MODE

Date: 08/10/2026

**SPONSORED BY
STATE COUNCIL OF EDUCATIONAL RESEARCH AND TRAINING
(SCERT) UTTAR PRADESH
ORGANIZED BY
DISTRICT INSTITUTE OF EDUCATION & TRAINING (DIET) FARIDPUR,
BAREILLY, U.P.
IN COLLABORATION WITH
DEPARTMENT OF ENVIRONMENTAL SCIENCE, BAREILLY COLLEGE, BAREILLY, U.P.
ENVIRONMENT, AGRICULTURE & EDUCATION SOCIETY (EAES) BAREILLY, U.P.**

ABOUT THE SEMINAR

Research and innovation play an important role in improving the quality of education and preparing learners for the future. Education today goes beyond knowledge and focuses on critical thinking, creativity, scientific attitude, research skills, and problem-solving abilities.

This National Seminar aims to bring together teachers, teacher educators, academicians, researchers, and students to share their research, innovative ideas, experiences, and best practices. The seminar will also discuss the role of AI, digital technology, innovative teaching-learning practices, and interdisciplinary research in making education more effective and relevant.

The seminar will provide a common platform for meaningful academic discussions and collaboration, with a focus on promoting quality, inclusive, innovative, and future-ready education.

Objectives of the Seminar

This National Seminar aims to highlight the importance of research and innovation in improving the quality of education and to promote new and effective teaching-learning practices. It will provide a common platform for teachers, researchers and students to share their ideas, research work, and experiences. The seminar will also focus on the use of AI, digital technology and emerging innovations in education and encourage creativity, scientific thinking and research among learners.

Sub-Themes

- | | |
|---|---|
| 1. Research and Innovation in Education | 2. NEP-2020, Innovative Teaching & Learning Practices |
| 3. Interdisciplinary Research and Emerging Technologies | 4. Student Research, Creativity and Innovation |
| 5. AI and Digital Technology in Education | 6. Science, Environmental Education and Sustainable Development |

Expected Outcomes

The seminar is expected to promote research and innovation in education and encourage the use of new and effective teaching-learning practices. It will provide opportunities for teachers, researchers and students to share ideas, research findings, and best practices. The seminar will also encourage creativity, scientific thinking, collaboration and practical solutions for improving the quality of education.

ABOUT THE ORGANIZERS

ABOUT THE DIET, FARIDPUR, BAREILLY

The District Institute of Education & Training (DIET) Faridpur, Bareilly, aims to strengthen teacher education at primary and upper primary levels to improve grassroots school education. Aligned with the National Education Policy (NEP-2020) it offers pre-service and in-service training including the Diploma in Elementary Education (D.El.Ed.), as well as workshops programs on pedagogy, child psychology, inclusive education, ICT and activity-based learning. DIET focuses on developing locally relevant teaching materials and promoting action research to address classroom challenges, with recent emphasis on digital literacy and ICT enabled teaching, such as smart classrooms and e-assessment. It also engages with School Management Committees, parents, and communities to promote girl child education, health, hygiene, and environmental awareness, while supporting initiatives like Samagra Shiksha Abhiyan and the FLN Mission to boost enrolment and learning outcomes. Looking ahead, DIET plans to expand digital infrastructure, integrate AI and robotics and collaborate with universities for innovation, positioning itself as a dynamic hub for quality and inclusive education.

ABOUT THE BAREILLY COLLEGE

Bareilly College, Bareilly, established in 1837, is one of the oldest and premier institutions of Northern India, affiliated with M.J.P. Rohilkhand University. With over 21,000 students, the college has produced eminent academicians, administrators, scientists, soldiers, and artists. Accredited with 'A' Grade by NAAC, the college offers a wide range of conventional, professional and vocational courses including Environmental Science, Biotechnology, BBA, BCA, and M.Lib, M.Ed. The Department of Environmental Science (estd. 1987) is the only one in Rohilkhand Division offering PG programs in this field. The department actively addresses local and global environmental issues through research, projects, and awareness programs. Its students have qualified for **UGC-NET, ICAR-NET, GATE**, and earned international fellowships, while faculty members have presented papers in international forums. With nearly **100 publications and many patents & copy right**, the department continues to excel in education and research.

ABOUT ENVIRONMENT, AGRICULTURE & EDUCATION SOCIETY (EAES) BAREILLY

The Environment, Agriculture & Education Society (EAES), Bareilly, is a registered non-governmental organization (NGO) deeply committed to promote education, environmental conservation, sustainable development, and social welfare. Through a wide range of initiatives, including seminars, workshops, training programs, and awareness campaigns, EAES actively works to disseminate knowledge and foster environmental consciousness across society. Additionally, EAES supports and engages with the G-Journal of Environmental Science and Technology (GJEST), a peer-reviewed, open-access journal that covers environmental and agricultural research, further enhancing its efforts in research and education.

ABOUT THE CITY

Bareilly city is commonly known as Bans Bareilly forms a part of Rohilkhand Division of Uttar Pradesh, the foundation of which has been dated sometime in the first half of sixteenth century. Bareilly College (Estd. 1837) affiliated to Mahatma Jyotiba Phule Rohilkhand University, Bareilly U.P. India (Estd. 1975) along with large number of colleges reflect glorious educational fervour of Bareilly city. The Indian Veterinary Research Institute (I.V.R.I.) and Central Avian Research Institute (CARI) of global identity are located in Izatnagar area of Bareilly. The city has its recognition for its Zari Zordozi work (a type of embroidery or fabric decoration), Surma, Manja and 'Jhumka' an intricate earrings or ear-pendants.

WHO CAN PARTICIPATE

This National Conference invites active participation from teachers, academicians, and education professionals from across the country. Research scholars and postgraduate as well as undergraduate students will also be encouraged to contribute through paper presentations, discussions, and knowledge-sharing activities.
